My mother Gloria opened our doors in 1991. She had never owned a restaurant, however we all knew that she is an amazing cook. Our name Freddy's Tacos, is named after my little brother Freddy. Between both parents there are 5 siblings and several grandchildren. We have all put our hearts and souls into working here. We are thankful to ALL our loyal customers! Without you, we wouldn't be here today. After 27 years, my amazing mother has decided to retire. I'm excited to continue bringing our customers delicious authentic Mexican food!
